

THE PENNEY PROCESS

How a job moves from the first call to closed-out

13 stages · 5 phases · one team

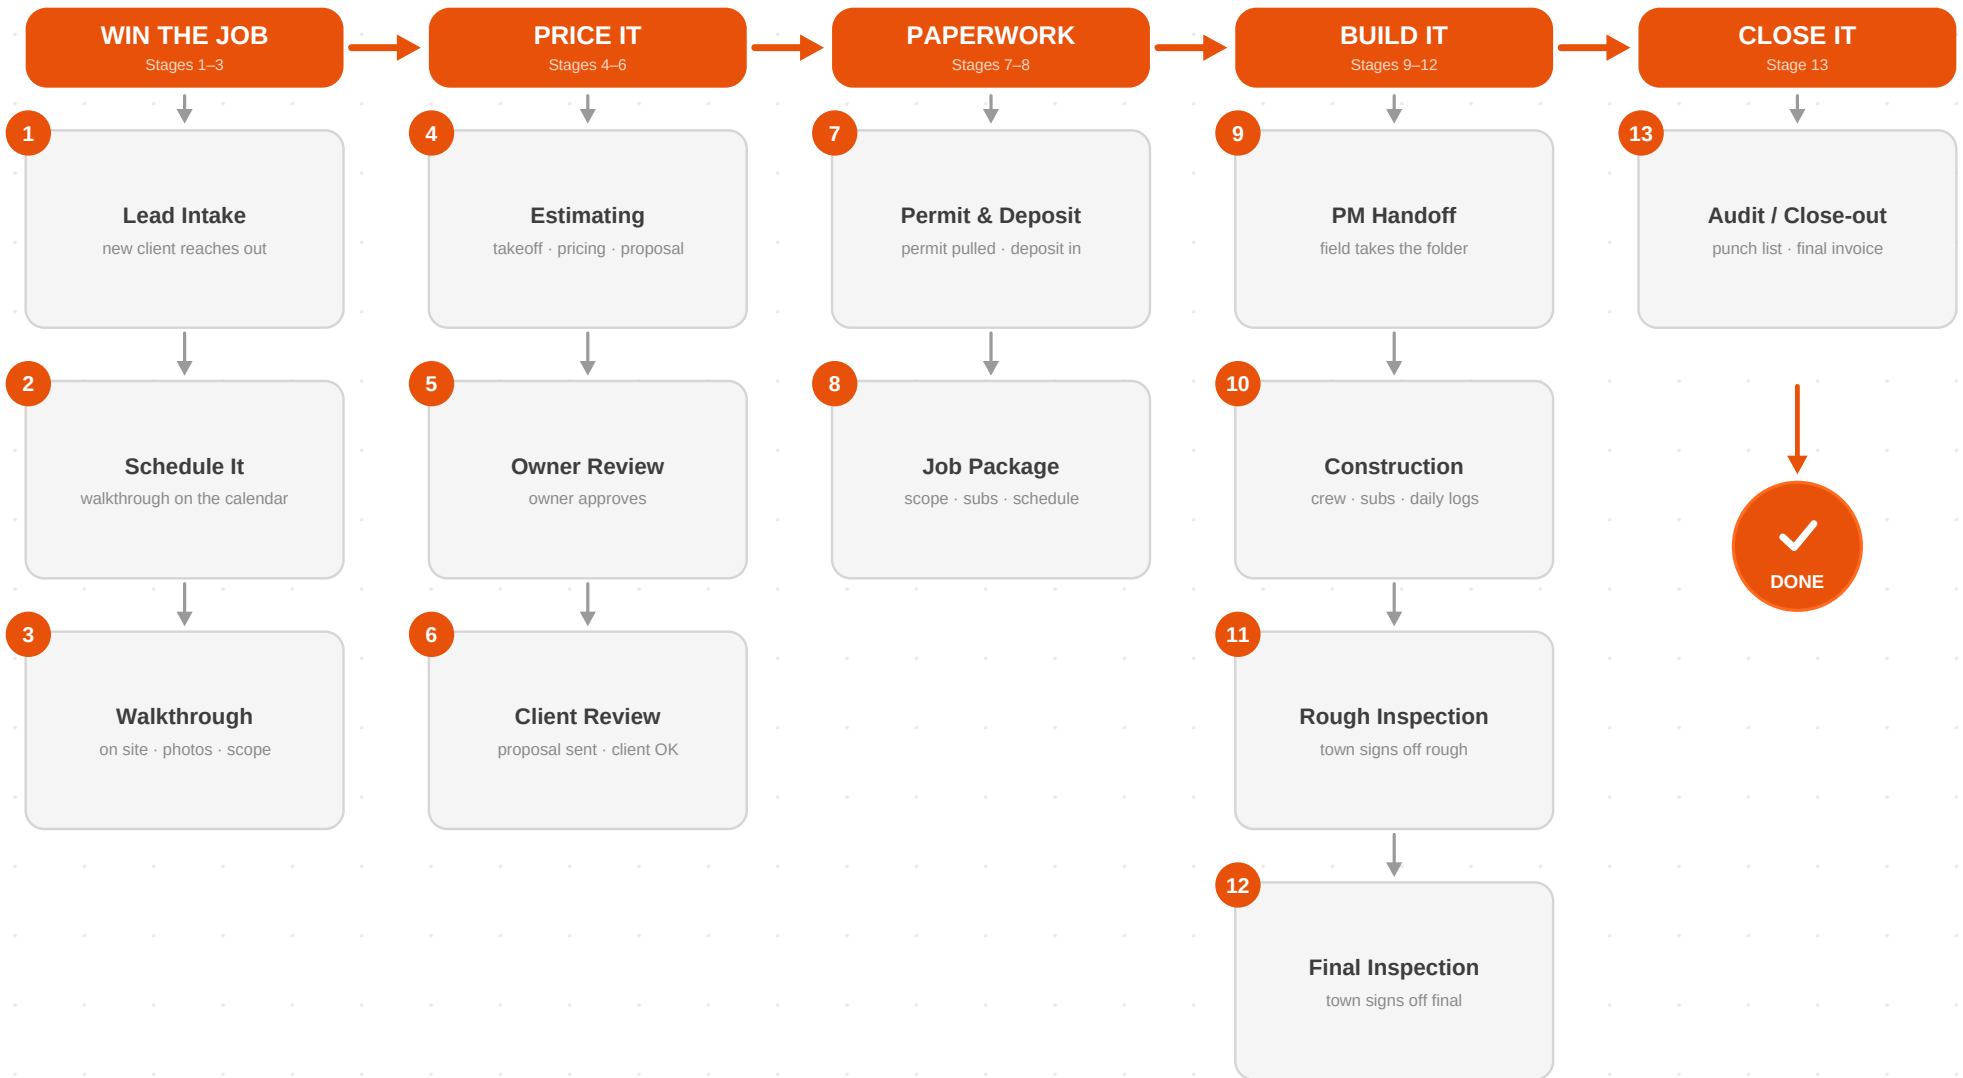

PENNEY CONSTRUCTION, INC.

Residential General Contracting · North Shore, MA · August 2026

01 THE PIPELINE AT A GLANCE

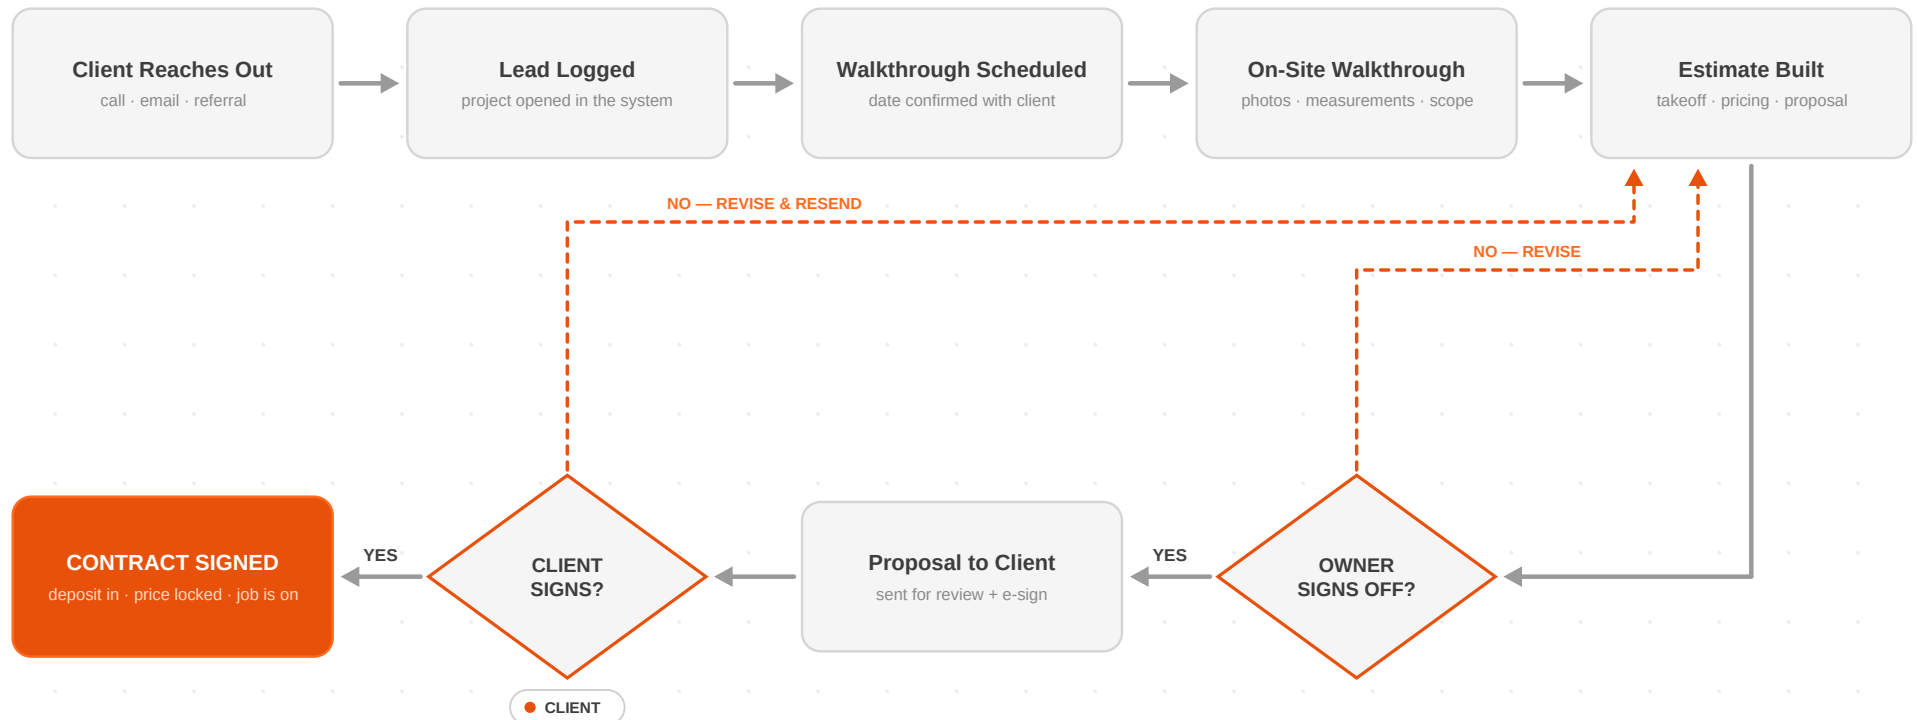

Every job runs the same 13 stages — grouped into 5 phases, left to right.

02 FROM LEAD TO SIGNED CONTRACT

Phases 1–3 in detail — every proposal loops until the owner and the client both say yes.

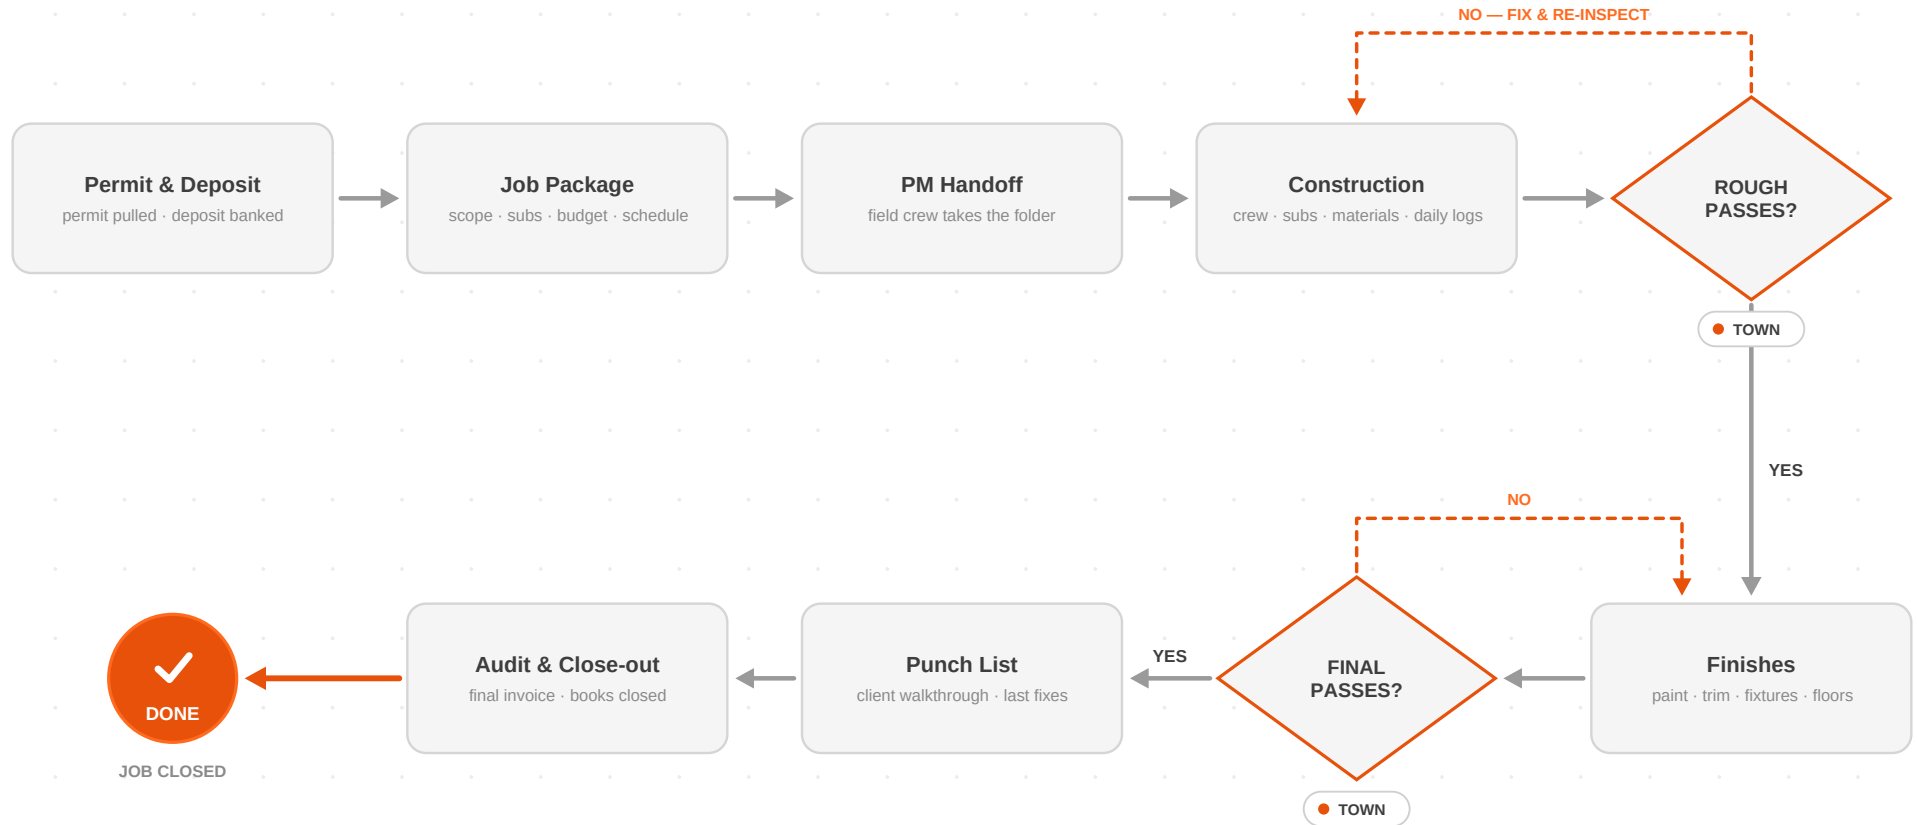

NOTHING GETS BUILT UNTIL THE PRICE IS SIGNED

03 FROM PERMIT TO DONE

Phases 4–5 in detail — nothing moves past an inspection until the town signs off.

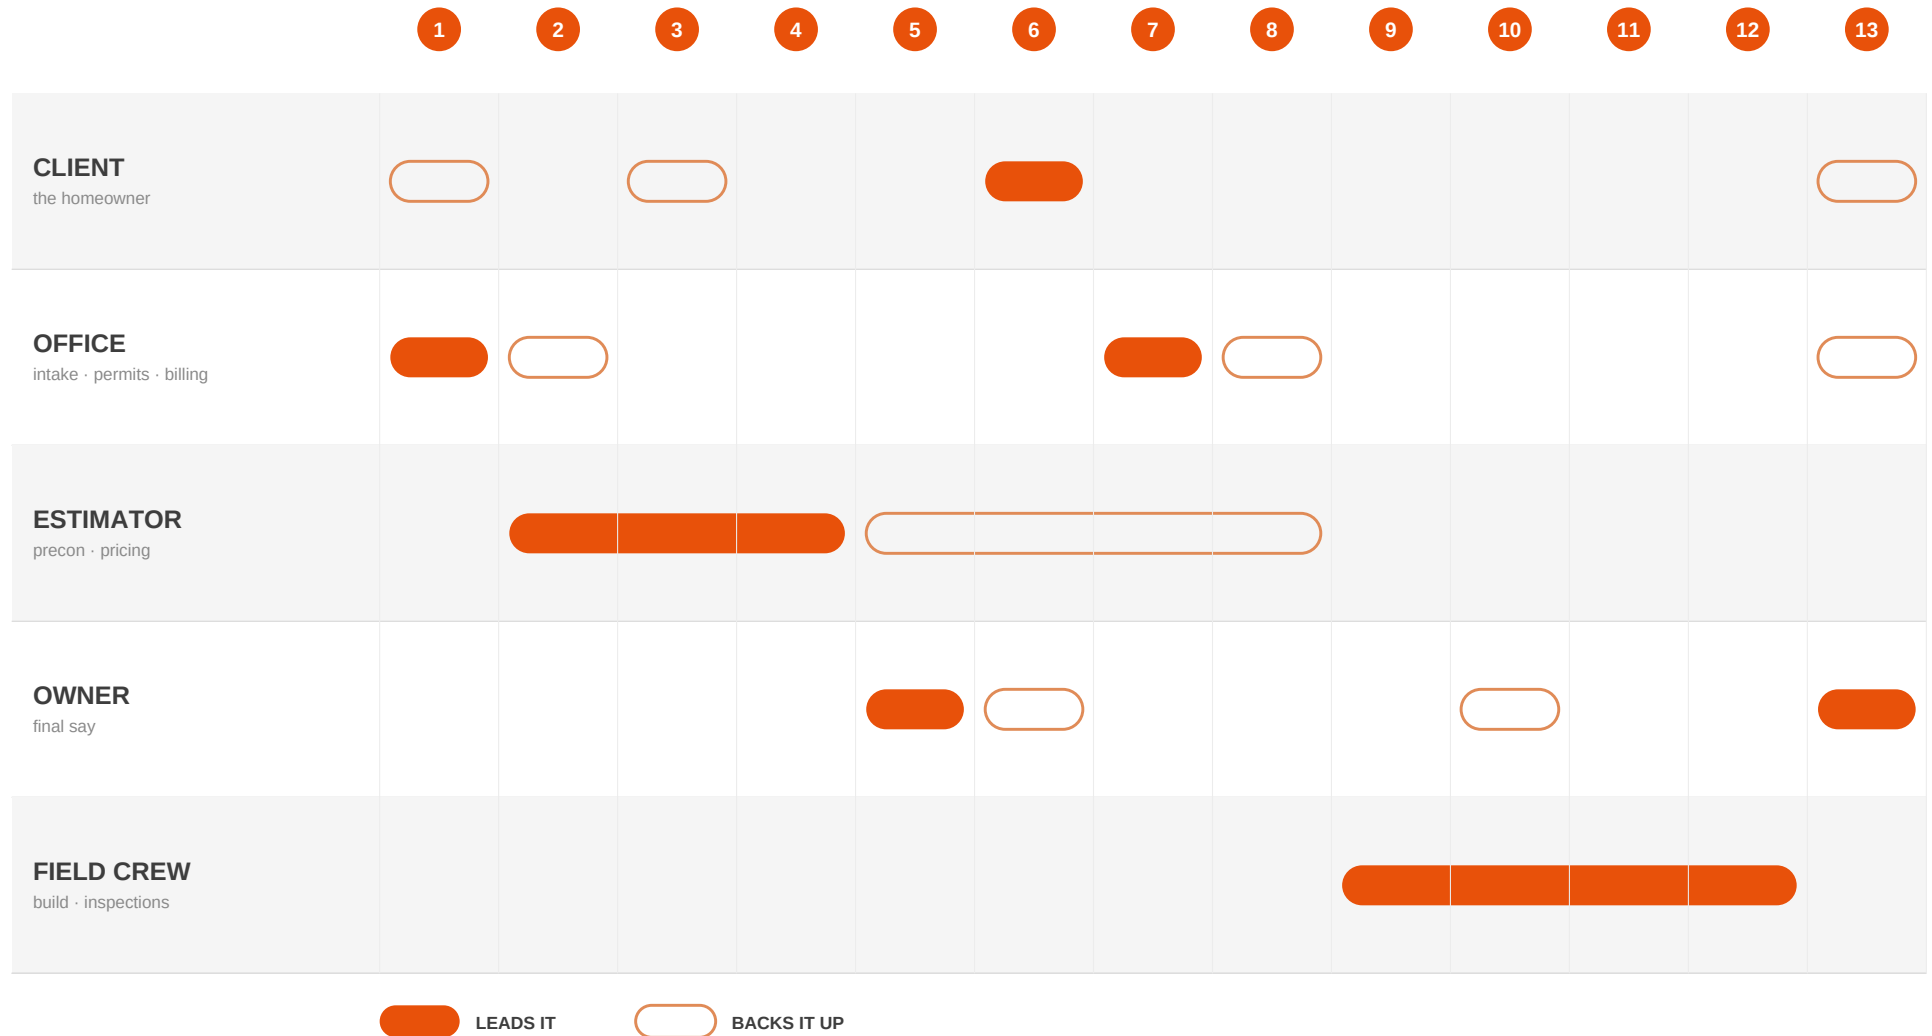

THE TOWN SIGNS OFF TWICE — NO SHORTCUTS PAST AN INSPECTION

04 WHO RUNS WHAT

Same 13 stages — solid means they lead it, outlined means they back it up.

1 Lead 2 Schedule 3 Walkthrough 4 Estimate 5 Owner OK 6 Client OK 7 Permit + Deposit 8 Job Package 9 Handoff 10 Build 11 Rough 12 Final 13 Close-out
